

### **Governor's Council on Climate Change (GC3)**

June 16, 2016, 2:30—4:30 p.m., UConn School of Law

- 2:30 – 2:35 Welcome from UConn School of Law Dean Timothy Fisher
- 2:35 – 2:40 Review meeting agenda
- 2:40 – 3:50 Review and discuss scenarios and sensitivity analysis for modeling in LEAP
1. *What technologies and measures should we use to balance intermittent renewables (near-term and long-term)?*
  2. *What is the future role of nuclear power?*
  3. *How should we prioritize among technologies and measures for residential/commercial buildings?*
  4. *What is the best end-use for supply-limited advanced biofuels (e.g., buildings, heavy-duty non-electrifiable transportation, planes)?*
- 3:50 – 4:00 Mid-term target setting process and meeting schedule through summer and fall
- 4:00 – 4:30 Public Comments
